

Hector Osuna

Senior Brand and Digital Designer

Dallas-Fort Worth, TX | hosuna23@gmail.com | [Portfolio](#) | [LinkedIn](#)

Profile

Senior designer with 10+ years across brand identity, responsive web, UI and marketing. Translates complex B2B offerings into clear visual experiences and reusable systems. Experience spans an enterprise rebrand recognized by REBRAND 100, an internal Brand Center, presentation templates and responsive component libraries. Combines visual craft with analytics and close collaboration across marketing, development and vendor teams.

Core capabilities

Brand identity and evolution • Visual direction • Responsive web and UI • Design systems and templates • Presentations and sales collateral • Digital campaigns • Analytics-informed design • Cross-functional collaboration

Recent experience

UI/UX Designer (Contract)

NTT DATA | Plano, TX | May 2024–Present

- Design responsive brand experiences for ADI/Resideo, translating vendor briefs and brand guidelines into clear B2B pages across desktop, tablet and mobile.
- Build reusable Figma components with device-size variants, preserving vendor identity within a consistent page structure.
- Define image and video specifications, document design decisions and coordinate with marketing, developers and external vendors to prepare assets and resolve content issues.
- Use Mouseflow and Google Analytics to inform navigation and content hierarchy improvements, connecting visual decisions to visitor behavior.

Senior Graphic and UI Designer (Contract via Creative Circle)

Caliber | Lewisville, TX | Feb 2024–May 2024

- Designed web and social campaign assets with consistent brand expression, strong visual hierarchy and UX principles; work contributed to a 45% increase in engagement.
- Collaborated across teams on campaign content and landing experiences that contributed to a 20% lift in customer interaction.

Senior Graphic and Web Designer

ADI Global Distribution | Irving, TX | Oct 2021–Aug 2023

- Designed responsive B2B web experiences, landing pages, icons and digital campaign assets while maintaining brand consistency across channels.
- Used analytics and usability insights to refine experiences; work contributed to 25% higher landing-page engagement, a 55% reduction in bounce rate and 15% higher satisfaction.
- Partnered with cross-functional teams to connect marketing objectives, visual design and customer needs across desktop and mobile.

Hector Osuna

Earlier experience

Senior Graphic and Web Designer

CareerStaff Unlimited | Irving, TX | Jan 2021–Oct 2021

- Coordinated a website redesign, contributing to information architecture, navigation and visual execution.
- Optimized WordPress performance, reducing load time by 80%.
- Partnered with sales and marketing leadership on RFP materials and a landing page that contributed to winning two client accounts.
- Created social graphics and managed YouTube content to support marketing campaigns.

Senior Graphic and UI Designer

Working Solutions | Dallas, TX | Jun 2015–Jan 2021

- Translated the enterprise rebrand strategy into logo explorations, a visual identity and applications across web, print, signage, recruiting and sales collateral.
- Designed a B2B website with clear paths for prospective clients and remote agents, carrying the new identity into the digital experience.
- Designed the internal Brand Center interface to organize approved logos, colors, typography, templates and imagery for company-wide use.
- Created a PowerPoint master system with reusable layouts, typography, colors and imagery guidance so teams could build consistent presentations.
- Contributed to the enterprise rebrand recognized with a 2018 REBRAND 100 Global Awards Merit distinction.
- Used analytics and heatmaps to inform navigation and content improvements; work contributed to 26% higher web traffic and 87% better searchability.
